Summary

Full Stack Developer with almost 2 years of experience specializing in modern web technologies, including React.js, Next.js, Node.js, and Python frameworks. Expertise in AI/ML integration, automation workflows using n8n, and building scalable, responsive web applications. Strong background in both frontend and backend development with a focus on performance optimization and modern development practices.

Technical Skills

- **Programming Languages:** JavaScript, TypeScript, Python
- **Frontend Technologies:** React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend Frameworks:** Node.js, Express.js, FastAPI
- **AI/ML & Automation:** OpenAI API, LLMs, n8n, Machine Learning, Prompt Engineering
- **Database & Tools:** MongoDB, MySQL, Postgres, Supabase, Git, GitHub, AWS, Docker, Linux

Experience

Full Stack Developer — CoderXpoint Pvt. Ltd.

May 2024 - Present

- Developed responsive, high-performance web applications using React.js and TypeScript for frontend with Node.js APIs for backend services. Integrated AI features using OpenAI API and LangChain for intelligent user interactions, automated customer support, and enhanced user experience. Implemented n8n automation workflows for business process optimization, reducing manual tasks by 60% and improving operational efficiency.

Projects

Organic Store E-Commerce Platform with Admin Panel

Nextjs, Prisma, Postgres, Production VPS

- Built comprehensive full-stack e-commerce platform featuring AI chatbot for 24/7 customer support, intelligent product recommendations using machine learning algorithms, and automated inventory management system. Developed advanced admin dashboard with real-time analytics, sales tracking, and customer insights. Implemented secure payment processing, responsive design, and optimized performance achieving 99% uptime with efficient caching strategies.

Education

DIT University, Dehradun

Aug 2022 - Sep 2024

Master's of Computer Application (CGPA: 7.5)

Relevant Coursework: Full Stack Development, Data Structures & Algorithms, Software Engineering

Maharaja Ganga Singh University, Bikaner

Aug 2020 - May 2022

Bachelor of Arts - Computer Application Specialization (66%)

Relevant Coursework: Web Development, Database Management, Programming Logic
